The Axton CVOTC weekend was a huge success in spite of the heat...The street ride on Friday afternoon was attended by 5 riders, including 84 year old Pate Keen....we put about 150 miles going up to the blue ridge parkway and back on some nice curvy roads with temps ranging from 95 to 78 degrees....Saturday AM, 2 of us took a breakfast ride up to smith Mtn lake...about 15 folks came on Saturday for a little practicing and a cookout...we watched a video of our 1996 Cvotc event at Bunn, NC...Sunday 24 riders signed up for the trials....yes, it was hot, but the sections were in the shade with 2 creek sections....most people were not really bothered much by the heat...traction was perfect for the 8 section, 3 loop event....thanks to every one who came out for a fun weekend.
