Jim Ellis, Bob Rushnov and Keith Bell did a great job on the clearing and laying out the sections! As usual all the sections had names. Section 1- Rockslide,2-Pine Needle Hillside,3-Fran Hillside Log,4-Park Bench.5-Driveway Rock Piles,6-Shipwreck,7-Tombstone,8-Matchstick. There were 4 loops of 8 sections with the difficulty about 5-6 from 1 to 10. Weather was perfect and traction was everywhere. Everyone finished the day with some cleans, which means some smiles! Thanks Guys!
