

The Trialsmasters want everyone to know that the Iron Bridge is still being worked on and you cannot cross it. Your GPS might want you to take the first left turn onto Iron Bridge Road (Rt 715) when heading south on Rt 46 coming from Rt 58. You MUST go past the first left and then turn at the second road, about 2 ½ - miles further south. It is also Iron Bridge Road. Then make a right onto Revis Gin Road at the horse farm with lots of white four-board fence. On days of an event, keep an eye out for CVOTC signs.
